MUNICIPAL CONSULTING SERVICES LLC

December 13, 2023

Ms. Lisa Sagala
County Controller/Administrator
Manistee County
415 Third Street
Manistee, MI 49660

Dear Ms. Sagala,

I was pleased to discuss our potential involvement in developing a step system for the County's employees based on the results of the classification and compensation study conducted in 2021. As we discussed, the input would include the following tasks:

1. Develop a five-step, 20% wide range model for each grade included in the study. This model would envision a 5% step increase applied biennially.
2. Utilizing payroll data supplied by the County, develop a cost analysis for implementation. This will involve placing all employees at the next highest step (above their current pay level) in their respective pay ranges. This will be necessary to place employees at a dollar amount that is consistent with the step system values.

This action will result in an initial pay increase that will vary from employee to employee depending on their current distance from the next highest step. However, the primary purpose of this approach is to establish the step system for implementation.

3. Develop a management letter that includes the following:
 - The recommended step system values for each grade.
 - Cost analysis specifying the dollar impact for each employee.
 - An overall cost for implementation.
 - A narrative explanation of how the step system should be implemented and applied on a biennial basis.

Professional fees to complete the work would be at a not-to-exceed fee of \$3,200. This fee quotation includes all fees and expenses. The work would be completed in January 2024.

I appreciate the opportunity to propose our services and will be pleased to answer any questions that you might have.

Very truly yours,

Mark W. Nottley
Municipal Consulting Services LLC
