3. Master Plan Bid—Mike Szokola

Mr. Szokola

- Received only 1 bid—from NWNW
- Major areas of cost; Public Input and Planning for Collaborative Zoning
- Roadmap for how the County should proceed to make planning/zoning services more uniform throughout the County

Rob Carson NWNW

- Master Plan very outdated
- Public Input: very time consuming to get residents, townships etc. together, get survey responses, cost of bid can be reduced by having more County staff participation and reduce NWNW staff participation
- Collaborative Zoning: desired direction of County joint Planning Commission with adjacent municipalities, will allow each local unit of government to have their own land use district/regulations
- Parts to be the uniform/same: PUDs, penalties, definitions, administration provisions, forms
- NWNW will compile testimonial video, invite contractors for their input, invite supervisors for their input on being contracted with the County
- Cost cut of \$7,000-\$8,000 for department staff to take part in public input
- Files will become County property
- Per Mr. Carson can put cost at \$40,000

Motion by Mr. Batzer, seconded by Mr. Zaring to recommend moving forward with NWNW with the Master Plan under the amended scope of work for \$40,000.
