

# Aileen Waldron

---

Aileen Waldron has over thirty years of experience with agricultural; single and multi-family housing; small business; and community facility lending. She is a graduate of Michigan State University with two Bachelor of Science Degrees and has completed many additional courses in community and economic development as well as public speaking and financial management. Aileen is active in assisting governmental units, businesses and non-profit organizations. An advocate for partnership and collaboration, she works to bring projects to fruition utilizing all available resources.
