

Lisa Leedy

Lisa started as the Executive Director for AES in October 2017. She had been a small business owner for 15 years, previously served as an elected Village President and as appointed positions on sewer authority, Chamber of Commerce, DDA, rural task force, broadband, library, library co-op boards and currently serves at part-time Deputy Supervisor in a township. Lisa has managed broadband, sewer, road and building construction projects and has a variety of experience in community development. Her background in local government has provided her with extensive community engagement experience, as well as positive relationships with local leaders statewide and with many agencies such as the DEQ and the USDA.

She also has grant writing, budgeting and strategic planning experience.
