

KARLA SMITH-KASTEN  
OWNERS  
Z'S CART RENTAL

Karla manages the PA69 Recycling Program for Manistee County. She also works for Bay Area Recycling for Community.

She comes to us with a wealth of experience. She spent 30 years in the Chicago Metropolitan Area as a Project Manager involving environmental and hazardous materials. This experience gives her an overall understanding of environmental waste management.

With this background and Karla's passion and commitment to environmental management, she was excited to come back to Michigan. Manistee county is where she grew up and has always called home.

Karla has been working on the growth and expansion of Manistee County's PA69 Recycling Program. She is looking forward to the changes and benefits of combining PA69 with the Michigan Solid Waste Program Part 115 which was signed into law this Spring.
